

UNIVERSITY OF CAPE TOWN / NHLS

DNA DIAGNOSTICS COURSE FOR MEDICAL REGISTRARS

Thank you for your interest in attending the above course. We have two broad aims, which are firstly, to provide an understanding of the principles and theory underlying DNA isolation and prominent diagnostic applications in all the pathology divisions, and secondly, to provide hands on experience where possible.

Please complete this application form and email it back to me. (howard.henderson@uct.ac.za; 0832330399). Notification of acceptance will be sent out shortly.

Application form:

- 1) Name:.....
- 2) Institution and Department:.....
- 3) Preferred email address:.....
- 5) What has been your experience with DNA technologies, both theory and practical?.....
- 6) Do you require assistance with accommodation?:
- 7) Any other comments suggestions?.....

Looking forward to having you on the course.

Regards

Howard
