

Letter to the South African Society of Haematology

Having closely followed the evolving coronavirus situation and taking into consideration official advice and local needs, we have decided to postpone all our face to face events which are taking place up to 1 May 2020. We have taken this unprecedented decision because the health and safety of our members and colleagues is paramount. We have contacted affected members directly.

We will continue monitoring the situation over the coming weeks and decide if there is a need to postpone any future events. We hope to be able to re-schedule the postponed events later in the year if possible. In the interim, our members can still access online Risk Prevention programmes through our PRISM platform and we will be scheduling regular webinars.

If you have any questions or concerns, please do not hesitate to contact me. My contact details are included in my email signature.

I thank you for your support at this difficult time.

Kind Regards,

Olivia Parbhunath
